

## Issues

| #     | Project        | Subject   | Status   | Assignee    | Target version | Due date   | Related issues         |
|-------|----------------|---|----------|-------------|----------------|------------|------------------------|
| 13594 | openQA Tests   | yast2_nfs_server test fails in HA group                                       | Rejected |             |                |            |                        |
| 35371 | openQA Project | Tooltips are not working properly   | Rejected |             |                |            | Related to #35224      |
| 14828 | openQA Tests   | Registration uses invalid key aarch64   | Resolved |             |                |            |                        |
| 13726 | openQA Tests   | Multipath tests fail after completion   | Resolved |             |                |            |                        |
| 14050 | openQA Project | Job does not publish hdd  | Resolved |             | Milestone 6    |            |                        |
| 16390 | openQA Tests   | Installation does not start in textmode                                       | Rejected |             |                |            |                        |
| 15574 | openQA Tests   | Fix generated autoyast profile or test module                                 | Resolved |             |                |            |                        |
| 12878 | openQA Project | Displayed needle does not change on selection                                 | Resolved |             |                |            |                        |
| 33712 | openQA Project | Change colors of results progress bar to reflect openQA issues & Product bugs | Rejected |             |                |            |                        |
| 17372 | openQA Tests   | [sle][tools]Installation medium from parallel job in inaccessible             | Rejected |             |                |            |                        |
| 17358 | openQA Tests   | [sle][functional]Text is mistyped in yast2_i module                           | Resolved |             | Milestone 11   | 2017-11-08 |                        |
| 14288 | openQA Tests   | [Migration] SMT fails to finish in time when openqa is under load             | Rejected |             |                |            |                        |
| 14824 | openQA Tests   | yast2_i test finishes with invalid characters                                 | Resolved | dzedro      |                |            |                        |
| 16110 | openQA Tests   | Network restart detection in yast2_lan_restart is not reliabe                 | Resolved | dzedro      |                |            |                        |
| 13212 | openQA Tests   | Bernhard user is not default login choice                                     | Resolved | dzyuzin     |                |            |                        |
| 15472 | openQA Tests   | Unreachable network in HA hacluster   | Rejected | hsehic      | Milestone 4    |            | Is duplicate of #15416 |
| 33676 | openQA Project | Group results by group name, not build number in parent_group_overview        | Resolved | ilausuch    | Current Sprint |            |                        |
| 19044 | openQA Tests   | [ha][scc]test fails in drbd   | Resolved | ldevulder   |                |            |                        |
| 17374 | openQA Tests   | Used repository does not exist on download.suse.de                            | Resolved | michalnowak |                |            |                        |
| 16210 | openQA Tests   | Test results are inconsistent in yast2_samba                                  | Resolved | michalnowak |                |            |                        |
| 16056 | openQA Tests   | Test fails in yast2_tftp  | Resolved | michalnowak |                |            |                        |
| 17376 | openQA Tests   | Login check types types invalid characters                                    | Resolved | michalnowak |                |            |                        |
| 13698 | openQA Tests   | Crash test is failing   | Resolved | michalnowak |                |            |                        |
| 16364 | openQA Tests   | Test fails in register_system because of short timeout                        | Resolved | mitiao      |                |            |                        |
| 16368 | openQA Tests   | Test fails in online_migration_setup  | Resolved | mitiao      |                |            | Related to #16718      |
| 16098 | openQA Tests   | yast2_lan_restart test has soft_failures referencing fixed bugs               | Resolved | mkravec     |                |            |                        |
| 13710 | openQA Tests   | yast2_lan fails on script_sudo matching previous password prompt              | Resolved | mkravec     |                |            |                        |
| 13700 | openQA Tests   | yast2_i test failing on low timeout   | Resolved | mkravec     |                |            |                        |
| 13784 | openQA Tests   | yast2_ftp test is failing on invalid certificate                              | Resolved | mkravec     |                |            |                        |

| #     | Project      | Subject  | Status   | Assignee | Target version | Due date | Related issues         |
|-------|--------------|--|----------|----------|----------------|----------|------------------------|
| 13596 | openQA Tests | yast2 sw_single command fails with segmentation fault                      | Rejected | mkravec  |                |          |                        |
| 13708 | openQA Tests | xterm fails to start during sleep  | Resolved | mkravec  |                |          |                        |
| 9526  | openQA Tests | Use tests not specific to JeOS for all SUSE distributions                  | Resolved | mkravec  |                |          |                        |
| 16054 | openQA Tests | Test fails in yast2_nis after job restart                                  | Resolved | mkravec  |                |          |                        |
| 16212 | openQA Tests | Test fails in vnc_two_passwords  | Resolved | mkravec  |                |          |                        |
| 17546 | openQA Tests | Set up SLES-JeOS-SP3 in openQA   | Resolved | mkravec  |                |          |                        |
| 13210 | openQA Tests | OpenQA is testing SP1 instead of SP2                                       | Closed   | mkravec  |                |          | Is duplicate of #13156 |
| 13214 | openQA Tests | Next button is ignored in user_settings but works on second try            | Resolved | mkravec  |                |          | Related to #14102      |
| 11310 | openQA Tests | fix failing update tests   | Resolved | mkravec  |                |          |                        |
| 11656 | openQA Tests | Check that system can not be installed without accepting the license       | Resolved | mkravec  |                |          |                        |
| 14164 | openQA Tests | Autoyast license test use wrong devices                                    | Resolved | mkravec  |                |          |                        |
| 16612 | openQA Tests | Autoyast installation does not have second stage on CaaSP                  | Resolved | mkravec  |                |          |                        |
| 9656  | openQA Tests | Add name to RAID array during partitioning                                 | Closed   | mkravec  |                |          |                        |
| 35530 | openQA Tests | [microos] Worker nodes fail to login after reboot                          | Resolved | mkravec  |                |          |                        |
| 34672 | openQA Tests | [microos] Use mixed case for node names                                    | Resolved | mkravec  |                |          |                        |
| 31519 | openQA Tests | [microos] Update repository is ready in transactional-update test on kubic | Resolved | mkravec  |                |          |                        |
| 36135 | openQA Tests | [microos] Update cloud-config ntp section                                  | Rejected | mkravec  |                |          |                        |
| 23420 | openQA Tests | [microos] Test that /var/lib/docker is on separate partition               | Resolved | mkravec  |                |          |                        |
| 27991 | openQA Tests | [microos] Test retry on failed orchestrations                              | Resolved | mkravec  |                |          |                        |
| 35137 | openQA Tests | [microos] Test openQA workers reliability under load                       | Closed   | mkravec  |                |          |                        |
| 33112 | openQA Tests | [microos] Test images-next   | Resolved | mkravec  |                |          |                        |
| 20686 | openQA Tests | [microos] Test for cluster updates   | Resolved | mkravec  |                |          |                        |
| 35613 | openQA Tests | [microos] Test fails to reboot   | Closed   | mkravec  |                |          |                        |
| 33730 | openQA Tests | [microos] Test fails to find conformance test results                      | Resolved | mkravec  |                |          |                        |
| 19468 | openQA Tests | [microos] test fails in oci_install  | Resolved | mkravec  |                |          |                        |
| 20684 | openQA Tests | [microos] Split stack_controller tests into modules                        | Resolved | mkravec  |                |          |                        |
| 20908 | openQA Tests | [microos] Setup CaaSP 2.0 in openQA  | Resolved | mkravec  |                |          |                        |
| 19490 | openQA Tests | [microos] Set up stagings  | Resolved | mkravec  |                |          |                        |
| 16412 | openQA Tests | [microos] Rename distribution from CASP to CaaSP                           | Resolved | mkravec  | Milestone 9    |          |                        |
| 35982 | openQA Tests | [microos] Properly check that nodes are UP after reboot                    | Rejected | mkravec  |                |          |                        |
| 31786 | openQA Tests | [microos] Nonce does not match   | Resolved | mkravec  |                |          |                        |

| #     | Project        | Subject   | Status   | Assignee  | Target version | Due date | Related issues                          |
|-------|----------------|---|----------|-----------|----------------|----------|---|
| 30796 | openQA Tests   | [microos] Make MicroOS tests more reliable  | Resolved | mkravec   |                |          |   |
| 34630 | openQA Tests   | [microos] Make CaaSP mutexes smarter  | Resolved | mkravec   |                |          |   |
| 33094 | openQA Tests   | [microos] Installation with different keyboard  | New      | mkravec   |                |          |   |
| 20666 | openQA Tests   | [microos] Improve transactional-update test   | Resolved | mkravec   |                |          |   |
| 35278 | openQA Tests   | [microos] Implement cluster deployment with cri-o instead of docker                                       | Resolved | mkravec   |                |          |   |
| 34627 | openQA Tests   | [microos] Fix race condition when using certificate that is still generated                               | Rejected | mkravec   |                |          |   |
| 34528 | openQA Tests   | [microos] Fix first login issue on VMX images   | Resolved | mkravec   |                |          |   |
| 20462 | openQA Tests   | [microos] Export logs from autoyast nodes   | Resolved | mkravec   |                |          |   |
| 31468 | openQA Tests   | [microos] Cloud-config for VMX images has outdated repository   | Rejected | mkravec   |                |          |   |
| 33787 | openQA Tests   | [microos] Add tests for add master nodes / removal of nodes   | Resolved | mkravec   |                |          |   |
| 32365 | openQA Tests   | [microos] Add test for release notes  | Resolved | mkravec   |                |          |   |
| 30802 | openQA Tests   | [microos] Add test for kured reboot method  | Rejected | mkravec   |                |          |   |
| 33790 | openQA Tests   | [microos] Add test for container registry   | Rejected | mkravec   |                |          |   |
| 31588 | openQA Tests   | [microos] Add MicroOS role test into openQA   | Closed   | mkravec   |                |          |   |
| 19488 | openQA Tests   | [microos] Add cluster deployment test for KVM images using cloud-config                                   | Resolved | mkravec   |                |          |   |
| 30355 | openQA Tests   | [caasp] Tie velum footer to BETA variable   | Resolved | mkravec   |                |          |   |
| 31390 | openQA Tests   | [CaaSP] Retry if update fails   | Closed   | mkravec   |                |          |   |
| 31393 | openQA Tests   | [CaaSP] Make sure kubeconfig is downloaded before tests continue  | Resolved | mkravec   |                |          |   |
| 11816 | openQA Project | Openqa jobs won't start after updating perl-json-xs to verison 3.02                                       | Resolved | nadvornik |                |          |   |
| 19056 | openQA Tests   | Tests try to create filesystem on root partition instead of additional disk                               | Resolved | okurz     |                |          | Related to #19380, Has duplicate #19256 |
| 17844 | openQA Tests   | Test mysql_srv is not reliable  | Resolved | okurz     |                |          |   |
| 15578 | openQA Tests   | Test fails in glxgears - command does not exist because packagekit was masked during package installation | Resolved | okurz     | Milestone 4    |          | Related to #13004                       |
| 15586 | openQA Tests   | Tar fails because file changed during archive creation  | Resolved | okurz     |                |          |   |
| 13600 | openQA Tests   | Shutdown action is not completed  | Resolved | okurz     |                |          |   |
| 19624 | openQA Tests   | File '/repodata/repomd.xml' not found on medium   | Rejected | okurz     |                |          | Is duplicate of #19470                  |
