| #      | Project               | Subject  | Status   | Assignee     | Target version | Due date   | Related issues                            |
|--------|-----------------------|--|----------|--------------|----------------|------------|---|
| 67558  | openQA Project        | testapi::wait_serial: can not get correct msg with pvm_hmc backend   | Resolved | coolgw       | future         |            |   |
| 108281 | openQA Project        | test fails in svirt_upload_assets - can not upload qcow, error "File is too big"   | Resolved | mkittler     | Ready          |            |   |
| 103864 | openQA Project        | Support arch as filter parameter in jobs/overview API route (was: The openqa-cli api command seems not support ...)                    | Resolved | okurz        | Ready          |            |   |
| 101950 | openQA Project        | open.qa document need update base latest opensuse release for trace/debug firewall size:S  | Resolved | mkittler     | Ready          | 2021-11-26 |   |
| 61019  | openQA Project        | new needle can not download during development mode  | Resolved | okurz        | Done           |            |   |
| 48452  | openQA Project        | needledir not found after run openqa-clone-custom-git-refspec script on a job with dynamic needle switching/reloading                  | Resolved | mkittler     | Current Sprint |            | Related to #44327                         |
| 110032 | openQA Project        | Migration group can not trigger, missing minion jobs? size:M   | Resolved | kraih        | Ready          |            | Related to #108983                        |
| 70474  | openQA Infrastructure | Machine ppc64le-hmc-single-disk is down  | Rejected | riafarov     |                |            | Is duplicate of #69754                    |
| 58730  | openQA Project        | log can not upload to the case if test execution incomplete  | Rejected |              |                |            |   |
| 60371  | openQA Project        | Fix variable precedence and precedence overriding in job templates YAML documents  | Resolved | tinita       | Current Sprint |            | Blocks #62219                             |
| 56417  | openQA Project        | child task should stop if parent task failed   | Rejected |              |                |            |   |
| 60254  | openQA Project        | check module src code through openqa webui link not consistent with the real running code when using openqa-clone-custom-git-refspec   | Rejected | okurz        |                |            | Related to #59184, Is duplicate of #54965 |
| 58625  | openQA Project        | add new medium failed if you first search item   | Resolved | mkittler     | Done           |            |   |
| 58490  | openQA Project        | 400 bad request error msg popup after load_templates --update  | Resolved | Xiaojing_liu | Current Sprint |            |   |
| 59379  | openQA Tests          | 12-sp5 qcow has been deleted in openqa   | Rejected | coolgw       |                |            |   |
| 112199 | openQA Tests          | [sle][migration][sle15sp5][SAP] recreate all qcow files for SAP and verify all new qcow files for sap job                              | Resolved | hjluc        |                |            |   |
| 111183 | openQA Tests          | [sle][migration][sle15sp5][regression]test fails in install_service- garbage after JSON object, at character offset 15                 | Feedback | leli         |                |            |   |
| 91040  | openQA Tests          | [sle][migration][sle15sp4]tracking <a href="https://jira.suse.com/browse/PM-2413">https://jira.suse.com/browse/PM-2413</a> leap to sle | Rejected | hjluc        |                |            |   |
| 110728 | openQA Tests          | [sle][migration][sle15sp4]test fails in user_settings_root - inst-userpasswdtoosimple window not show                                  | Rejected | leli         |                |            |   |
| 104065 | openQA Tests          | [sle][migration][SLE15SP4]test fails in upgrade_select - accept license needed   | Rejected | coolgw       |                |            |   |
| 104238 | openQA Tests          | [sle][migration][SLE15SP4]test fails in scc_deregistration - need disable packagekit before any zypper operation                       | Resolved | leli         |                |            |   |
| 103650 | openQA Tests          | [sle][migration][sle15sp4]test fails in patch_sle wait scc register page time out  | Resolved | coolgw       |                |            |   |
| 105561 | openQA Tests          | [sle][migration][sle15sp4]test fails in patch_sle - code should click accept option before click next button                           | Rejected | coolgw       |                |            |   |
| 106705 | openQA Tests          | [sle][migration][sle15sp4]test fails in patch_sle - check why yast2-scc failed compare with last build                                 | Rejected | coolgw       |                |            |   |

| #      | Project      | Subject   | Status   | Assignee    | Target version | Due date | Related issues |
|--------|--------------|---|----------|-------------|----------------|----------|----------------|
| 103821 | openQA Tests | [sle][migration][sle15sp4]test fails in install_service- remove workaround for poo#88247  | Resolved | leli        |                |          |                |
| 104439 | openQA Tests | [sle][migration][sle15sp4]test fails in handle_reboot - need check some unfinished zypper process before install package                                      | Resolved | coolgw      |                |          |                |
| 104436 | openQA Tests | [sle][migration][sle15sp4]test fails in check_upgraded_service - user not logout before remove user   | Resolved | leli        |                |          |                |
| 108653 | openQA Tests | [sle][migration][sle15sp4]test fails in check_system_info#1 timeout on suseconnect -p sle-module-python3/15.4/s390x   | Resolved | tinawang123 |                |          |                |
| 110106 | openQA Tests | [sle][migration][sle15sp4]test fails in check_system_info#1 - base name changed in 15sp3  | Resolved | coolgw      |                |          |                |
| 110001 | openQA Tests | [SLE][Migration][SLE15SP4]test fails in boot_to_desktop - can not boot correctly  | Rejected | coolgw      |                |          |                |
| 106789 | openQA Tests | [sle][migration][sle15sp4][Regression]y2log can not be uploaded caused by command 'find /* -name *.rpmnew'   tee unapplied-configuration-files.txt' timed out | Rejected | leli        |                |          |                |
| 108128 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in zypper_in - install hello failed  | Rejected | coolgw      |                |          |                |
| 104329 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in yast2_lan- more time need wait for yast lan command   | Resolved | coolgw      |                |          |                |
| 106622 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in upgrade_select - check why ltss failed during migration   | Resolved | coolgw      |                |          |                |
| 106951 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in system_state - tar -jcv -f /tmp/stats_during_installation.tar.bz2 /tmp/system_state timeout               | Resolved | coolgw      |                |          |                |
| 106954 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in system_prepare - SUSEConnect -s   grep 15.4' timed out  | Resolved | leli        |                |          |                |
| 108049 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in svirt_upload_assets - check why can not upload qcow, error "file too big"                                 | Resolved | coolgw      |                |          |                |
| 105313 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in supportutils - timeout happen during support util test  | Rejected | coolgw      |                |          |                |
| 105037 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in sshd- qcow need more size   | Resolved | leli        |                |          |                |
| 108551 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in scc_registration - used to flag scc unstable issue in migration group                                     | Rejected |             |                |          |                |
| 106050 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in prepare_test_data - dev/ttyclp0 permission deny   | Rejected | coolgw      |                |          |                |
| 104998 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in patch_sle - timeout on SUSEConnect --de-register --debug command  | Resolved | coolgw      |                |          |                |
| 109082 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in patch_sle - systemctl stop packagekit timeout   | Rejected | coolgw      |                |          |                |
| 109079 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in patch_sle - systemctl stop packagekit timeout   | Rejected | tinawang123 |                |          |                |
| 105199 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in orphaned_packages_check - need further investigate  | Resolved | leli        |                |          |                |
| 111186 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in orphaned_packages_check - strange string contain during package check module                              | Resolved | coolgw      |                |          |                |
| 111218 | openQA Tests | [sle][migration][sle15sp4][regression]test fails in kdump_and_crash - need increase kdump memory  | Resolved | coolgw      |                |          |                |
| 104742 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in java - './test_java.sh' timed out   | Resolved | coolgw      |                |          |                |
| 106948 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in glxgears - su -c "bash" timeout   | Resolved | hjluc       |                |          |                |
| 105402 | openQA Tests | [sle][migration][sle15sp4][Regression]test fails in check_upgraded_service - userdel failed after logout  | Resolved | leli        |                |          |                |
