|--|--|--------------------------------|----------|---------------------|
| <b>openQA Infrastructure (public) (61)</b> |  |                                |          |                     |
| 179485                                     | Document self-service workflow for setup of new machines   | openQA Infrastructure (public) | Low      | Feature requests    |
| 177967                                     | Racktables/Netbox positions in Rack NUE-FC-B5 have some offset size:S  | openQA Infrastructure (public) | Low      | Feature requests    |
| 176241                                     | [spike][timeboxed:10h] Only allow unauthorized asset access on OSD based on network interface size:S   | openQA Infrastructure (public) | Low      | Feature requests    |
| 160826                                     | Optimize gre_tunnel_preup.sh generation jinja template size:S  | openQA Infrastructure (public) | Low      | Feature requests    |
| 177276                                     | Make use of config files in openqa.ini.d for OSD specific settings size:S  | openQA Infrastructure (public) | Normal   | Feature requests    |
| 168177                                     | Migrate critical VM based services needing access to CC-services to CC areas   | openQA Infrastructure (public) | Normal   | Feature requests    |
| 167054                                     | [epic] Run more workloads in CC-compliant PRG2 to be less affected by CC related network changes   | openQA Infrastructure (public) | Normal   | Feature requests    |
| 162734                                     | Simple script detecting gre_tunnel_preup.sh with only empty remote_ip= statements during salt CI pipelines size:M  | openQA Infrastructure (public) | Normal   | Feature requests    |
| 114400                                     | [tools] Rebalance OpenQA worker distribution   | openQA Infrastructure (public) | Normal   | Feature requests    |
| 181301                                     | Dangerous cleanup of OSD database dumps size:S   | openQA Infrastructure (public) | High     | Feature requests    |
| 173674                                     | qamaster-independent backup size:S   | openQA Infrastructure (public) | High     | Feature requests    |
| 113701                                     | [tools] Move workers back to grenache  | openQA Infrastructure (public) | High     | Feature requests    |
| 180710                                     | Upgrade Power8 o3 workers to openSUSE Leap 15.6 - qa-power8-3 size:S   | openQA Infrastructure (public) | Normal   | Organisational      |
| 177766                                     | Consider storage policy for storage.qe.prg2.suse.org size:S  | openQA Infrastructure (public) | Normal   | Organisational      |
| 181184                                     | Conduct lessons learned "Five Why" analysis for "Lessons learned for "OSD is down since 2025-04-19 due to accidental user actions removing parts of the root filesystem" size:S    | openQA Infrastructure (public) | High     | Organisational      |
| 179876                                     | [beginner][easy] Unrealistic grafana panel scale   | openQA Infrastructure (public) | Low      | Regressions/Crashes |
| 176250                                     | file corruption in salt controlled config files size:M   | openQA Infrastructure (public) | Low      | Regressions/Crashes |
| 175707                                     | OSD backups missing since 2024-11 on backup-vm.qe.nue2.suse.org size:S   | openQA Infrastructure (public) | Low      | Regressions/Crashes |
| 181991                                     | diesel.qe.nue2.suse.org does not respond over salt "Minion did not return. [Not connected]"  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181988                                     | petrol.qe.nue2.suse.org does not respond over salt "Minion did not return. [Not connected]"  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181850                                     | osd-deployment   Failed pipeline for master (worker35.oqa.prg2.suse.org and monitor.qe.nue2.suse.org)  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181829                                     | monitor.qe.nue2.suse.org not responding to salt size:S   | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181766                                     | [osd][alert] i915 worker instance not working on jobs since weeks (was: "Job age (scheduled) (max) alert possibly due to workers exceeding the configured load threshold") size:S  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181580                                     | jenkins doesn't notify us on broken builds/runs - should there be e-mails or such? size:S  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181055                                     | [alert] fetch_openqa_bugs runs into timeout/exception  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 180989                                     | [openQA][worker][ipmi] ipmi jobs are stuck in tear-down and run into MAX_JOB_TIME (was: It takes an extremely long time to finish the job when connected to an ipmi worker) size:S | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 180290                                     | Failed systemd units on sapworker1: configure-source-based-routing@em1   | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 180287                                     | Failed systemd units on monitor: configure-source-based-routing@eth0, prg2wg-restart, wg-quick@prg2wg  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |

| #      | Subject  | Project                        | Priority | Category            |
|--------|--|--------------------------------|----------|---------------------|
| 179753 | [alert] Worker cache service is sometimes not available leading to broken workers alert size:S   | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 179497 | [FIRING:1] worker-arm1 (worker-arm1: System load alert openQA worker-arm1 salt system_load_alert_worker-arm1 worker)                     | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 178492 | [alert] Many failing `git_clone` Minion jobs auto_review:"Error detecting remote default branch name":retry size:S                       | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 176175 | [alert] Grafana failed to start due to corrupted config file   | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 175791 | [alert] storage: partitions usage (%) alert size:S   | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 175710 | OSD openqa.ini is corrupted, invalid characters, again 2025-01-17  | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 174679 | [alert][FIRING:1] baremetal-support (baremetal-support: Disk I/O time alert Generic disk_io_time_alert_baremetal-support generic) size:S | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 163529 | redcurrant is unable to boot from PXE server (was: ppc64le pvm_hmc backend workers lost OS / grub access) size:S                         | openQA Infrastructure (public) | Normal   | Regressions/Crashes |
| 181853 | worker35.oqa.prg2.suse.org does not respond over salt "Minion did not return. [Not connected]" size:S                                    | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181817 | osd-deployment   Failed pipeline for master: openQA-in-openQA tests failing  | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181790 | Fix HDD issue on kerosene.qe.nue2.suse.org size:S  | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181526 | osd-deployment fails during 'check openQA-in-openQA tests' size:S  | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181523 | openQA log reports "Failed to login: OpenID provider "" size:S   | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181382 | OpenQA Jobs test - Incomplete jobs (not restarted) of last 24h alert Salt 2025-04-24 size:S  | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 181175 | OSD is down since 2025-04-19 due to accidental user actions removing parts of the root filesystem size:M                                 | openQA Infrastructure (public) | High     | Regressions/Crashes |
| 180980 | openqa.suse.de: Cron <geekotest@ariel> ls -t /var/lib/snapshot-changes/kubic/Tumbleweed/*   tail -n +60   xargs rm -f                    | openQA Infrastructure (public) | High     | Regressions/Crashes |
