#	Subject	Project	Priority	Category
None (57)				
110296	Machines within .qa.suse.de unavailable (was: Some ipmi workers become offline which affects PublicRC-202204 candidate Build137.1 test run)	openQA Infrastructure	Urgent	
109055	Broken workers alert	openQA Infrastructure	Urgent	
109028	[openqa][worker][sut] Very severe stability and connectivity issues of openqa workers and suts	openQA Infrastructure	Urgent	
108845	Network performance problems, DNS, DHCP, within SUSE QA network auto_review:"(Error connecting to VNC server.*qa.suse.*Connection timed out ipmitool.*qa.suse.*Unable to establish)":retry but also other symptoms size:M	openQA Infrastructure	Urgent	
111156	No effect of remote PDU controls on openqaworker-arm-4.qa and openqaworker-arm-5.qa, check power connections	openQA Infrastructure	High	
111149	Recover openqaworker-arm-3	openQA Infrastructure	High	
110301	alert about o3: ** PROBLEM Service Alert: ariel-opensuse.suse.de/swap is CRITICAL ** size:S	openQA Infrastructure	High	
110293	Can not ping s.qa.suse.de	openQA Infrastructure	High	
110266	[alert] Disk I/O time for sr0 size:S	openQA Infrastructure	High	
109971	Service `systemd-journal-flush` timed out on OSD size:M	openQA Infrastructure	High	
109969	s390zp19 - out of disk space	openQA Infrastructure	High	
109494	Restore network connection of arm-4/5 size:M	openQA Infrastructure	High	
109298	salt-minion on grenache-1 is not working preventing OSD deployment	openQA Infrastructure	High	
109052	openqa_install+publish fails in dashboard	openQA Infrastructure	High	
108998	openqa_install+publish fails in start_test	openQA Infrastructure	High	
108896	[ppc64le] auto_review:"(?s)Size of.*differs, expected.*but downloaded.*Download.*failed: 521 Connect timeout":retry	openQA Infrastructure	High	
108743	qa-power8-5-kvm minions alert is heart-broken	openQA Infrastructure	High	
108671	Resilient IPMI recovery of o3 machines in monitor-o3 size:M	openQA Infrastructure	High	
108665	openqa_from_containers repeatedly failing at build	openQA Infrastructure	High	
108533	o3 logreports DBI Exception: DBD::Pg::st execute failed: ERROR: invalid input syntax for type integer	openQA Infrastructure	High	
104970	Add two OSD workers (openqaworker14+openqaworker15) specifically for sap-application testing size:M	openQA Infrastructure	High	
103524	OW1: performance loss size:M	openQA Infrastructure	High	
102650	Organize labs move to new building and SRV2 size:M	openQA Infrastructure	High	
111063	Ping monitoring for our s390z mainframes size:S	openQA Infrastructure	Normal	
109253	Add monitoring for SUSE QA network infrastructure size:M	openQA Infrastructure	Normal	
108401	Can't call method "id" on an undefined value at V1/Job.pm	openQA Infrastructure	Normal	
104217	Ask eng infra why thruk.suse.de stopped working	openQA Infrastructure	Normal	
102882	[epic] All OSD PPC64LE workers except malbec appear to have horribly broken cache service	openQA Infrastructure	Normal	
102266	[epic] o3 ran out of disk space	openQA Infrastructure	Normal	

#	Subject	Project	Priority	Category
107989	CPU-specific worker classes	openQA Infrastructure	Low	
106832	Monitor masked units on our infrastructure	openQA Infrastructure	Low	
73228	[labs] Create guide for new machines (from the "customer perspective")	openQA Infrastructure	Low	
29015	[o3][monitoring] too often alert from nagios about swap space depleted; alarm notification disabled -> increase/disable swap?	openQA Infrastructure	Low	
110497	Minion influxdb data causing unusual download rates size:M	openQA Project	High	
110452	http://jenkins.qa.suse.de/ throws an error with "Faithfully yours, nginx." so the jenkins instance behind seems to be problematic	QA	Urgent	
108869	Missing (re-)schedules of SLE maintenance tests size:M	QA	Urgent	
109779	Cannot approve incident due to test report parsing error	QA	High	
108944	5 whys follow-up to Missing (re-)schedules of SLE maintenance tests size:M	QA	High	
107671	No aggregate maintenance runs scheduled today on osd size:M	QA	High	
111272	osccqam reports in smelt show text like "See Testreport: <bound method Template.fancy_url of <osccqam.models.Template object at 0x7f51e43264e0>>SUSE:Maintenance:24247:272218/log"	QA	Normal	
111075	Collect code coverage for qem-bot	QA	Normal	
110614	Add SLO based queries to https://os-autoinst.github.io/qa-tools-backlog-assistant/ size:S	QA	Normal	
110409	qem-dashboard - remove old openQA jobs when rr_number changes size:M	QA	Normal	
110262	openqa_review: Github action failed with "tox4: command not found"	QA	Normal	
109977	qem-bot - approve pipeline failed with 403 forbidden size:M	QA	Normal	
109878	bot-ng schedule/approve aborted	QA	Normal	
109818	[epic] qa-maintenance/openQAbot improvements	QA	Normal	
109701	enable qem-bot comments on IBS again after subscriptions can be personally configured	QA	Normal	
109623	Allow adding scheduling settings for informal purposes that are not added to openQA jobs	QA	Normal	
107014	trigger openqa-trigger-bisect-jobs from our automatic investigations whenever the cause is not already known size:M	QA	Normal	
98457	[epic] Handle openqa-review reminder comments on very old jobs better	QA	Normal	
110167	Tests for qem-bot	QA	Low	
109512	qem-bot - add vars with GitlabCI job link and qem-dashboard link	QA	Low	
109488	qem-bot - better logging	QA	Low	
108569	[tools] There are groups in Slack, we could have one for tools team, e.g. to be pinged in #eng-testing	QA	Low	
106909	[openqa-review] reminder comments point to specific openQA test details steps or openQA comments size:M	QA	Low	
105250	process: daily updates: Improve our feedback time on what we do aka. "Make dailys great again"	QA	Low	

Bugs in existing tests (3)

109046	[tools] auto_review:"Unable to find image SLES15-SP3-JeOS.x86_64-15.3-kvm-and-xen-GM.qcow2.*svirt":retry	openQA Tests	Urgent	Bugs in existing tests
110803	[tools] openqa_from_containers: test fails in setup_env size:S	openQA Tests	High	Bugs in existing tests
109737	[opensuse][sporadic] test fails in chromium due to lost characters when typing in the address bar	openQA Tests	High	Bugs in existing tests

Concrete Bugs (31)

#	Subject	Project	Priority	Category
109836	All Jobs on OSD are incomplete since 2022-04-12	openQA Project	Immediate	Concrete Bugs
110983	Wrong signatures auto_review:"Too.*arguments for subroutine":retry	openQA Project	Urgent	Concrete Bugs
110509	Test 03-auth.t fails after Mojolicious update	openQA Project	Urgent	Concrete Bugs
110491	Failed pipeline for osd-deployment, check state of packages job failed size:S	openQA Project	Urgent	Concrete Bugs
109851	os-autoinst was removed from o3 openqaworker7	openQA Project	Urgent	Concrete Bugs
110785	OSD incident 2022-05-09: Many scheduled jobs not picked up despite idle workers, blocked by one worker instance that should be broken?	openQA Project	High	Concrete Bugs
110566	[tools] Problem with ISOS Post command from OBS sync	openQA Project	High	Concrete Bugs
110536	unhandled test output in openQA test t/35-script_clone_job.t	openQA Project	High	Concrete Bugs
110392	o3 logreports - Can't open file "/var/lib/openqa/testresults/.../vars.json" size:M	openQA Project	High	Concrete Bugs
110389	o3 logreports - fatal: ambiguous argument: unknown revision or path not in the working tree size:M	openQA Project	High	Concrete Bugs
110089	openQA in openQA: openqa_webui failing because postgresql is not installed	openQA Project	High	Concrete Bugs
109292	OSD is missing x86_64 jobs duplicate key value violates unique constraint "assets_type_name" in lib/OpenQA/Schema/ResultSet/Assets.pm line 33 within find_or_create	openQA Project	High	Concrete Bugs
108662	Can't call method "id" on an undefined value at WebAPI/Controller/Test.pm	openQA Project	High	Concrete Bugs
108443	[sporadic][timeboxed:10h] OBS os-autoinst fails in 18-qemu.t: Can't open file "base_state.json": No such file or directory size :M	openQA Project	High	Concrete Bugs
105759	flaky code coverage in os-autoinst consoles/virtio_terminal.pm	openQA Project	High	Concrete Bugs
110899	Missing audit events for comments	openQA Project	Normal	Concrete Bugs
110196	A big number of tests fail with networking (all workers) due to SLE libsllp0 update	openQA Project	Normal	Concrete Bugs
110181	ci:build-docs broken and not clear how to use tools/generate-documentation	openQA Project	Normal	Concrete Bugs
110032	Migration group can not trigger, missing minion jobs? size:M	openQA Project	Normal	Concrete Bugs
109443	os-autoinst-openvswitch sometimes fails with `br1 setup-in-progress`	openQA Project	Normal	Concrete Bugs
108971	[tools][tw][sle] with job setting "RETRY=1" , openQA should not re-trigger passed jobs	openQA Project	Normal	Concrete Bugs
108701	Individual groups return 500 via group_overview route	openQA Project	Normal	Concrete Bugs
108125	openqa-worker-cacheservice(-minion) can trigger "UNIQUE constraint failed: mojo_migrations.name at OpenQA/CacheService/Model/Cache.pm line 77."	openQA Project	Normal	Concrete Bugs
107998	[sporadic][os-autoinst] t/29-backend-driver.t fails in "log output for backend driver creation"	openQA Project	Normal	Concrete Bugs
106654	[ipmi][openqa][vnc] Massive test run failures with 'IO::Socket::INET: connect: Connection refused' due to "Use of uninitialized value.*connect_timeout in addition.*consoles/VNC.pm line 13.*":retry	openQA Project	Normal	Concrete Bugs
99030	[epic] openQA bare-metal test dies due to lost SSH connection auto_review:"backend died: Lost SSH connection to SUT: Failure while draining incoming flow":retry	openQA Project	Normal	Concrete Bugs
90371	Warnings "Subroutine JSON::PP::Boolean::(0+ redefined"	openQA Project	Normal	Concrete Bugs
108476	The siblings jobs with START_DIRECTLY_AFTER_TEST are all cancelled	openQA Project	Low	Concrete Bugs
108091	Most systemd units should not Want= or Require= network.target (bsc#1196359) size:M	openQA Project	Low	Concrete Bugs
104517	Connections to download.opensuse.org affecting openQA CI and o3	openQA Project	Low	Concrete Bugs

#	Subject	Project	Priority	Category
92902	Remove unnecessary linebreaks in cache service logging	openQA Project	Low	Concrete Bugs
Feature requests (33)				
110629	openqa-label-known-issues: Fallback notification address in openqa-label-known-issues if no email address could be parsed from group_overview	openQA Project	High	Feature requests
107026	Improve existing unit tests for VNC module to increase its test coverage (before doing any actual changes) size:M	openQA Project	High	Feature requests
111028	Continuous update of o3 webUI	openQA Project	Normal	Feature requests
111004	Timeout of test API functions not enforced if backend gets stuck, e.g. on the VNC socket size:M	openQA Project	Normal	Feature requests
110914	Extend the group exclude regex from openqa-investigate to openqa-trigger-bisect-jobs	openQA Project	Normal	Feature requests
110911	Do not trigger investigation jobs and notifications on jobs where openQA automatically retries size:M	openQA Project	Normal	Feature requests
110719	Fold ok clusters by default, unfold if there is any non-ok result	openQA Project	Normal	Feature requests
110524	[timeboxed:20h][spike] openQA proof-of-concept within kubernetes size:M	openQA Project	Normal	Feature requests
110515	Command export feature for openqa-clone-job size:M	openQA Project	Normal	Feature requests
110142	Sync tools/tidy and .perltidyrc	openQA Project	Normal	Feature requests
109857	Secure auto-review+force_result size:M auto_review:"Failed to download gobbledeegoop":force_result:softfailed	openQA Project	Normal	Feature requests
109849	Migrate job_modules table to bigint	openQA Project	Normal	Feature requests
109815	Add retry for HTTP requests in openQABot where missing	openQA Project	Normal	Feature requests
109809	Show job relations for parallel/children jobs also on the tests overview page /tests/overview (mainly for parallel jobs) size:M	openQA Project	Normal	Feature requests
109319	[qe-core] aarch64 tests failing in qemu-img due to broken image (was: "with cache error") size:S	openQA Project	Normal	Feature requests
109313	Duplicates in dependencies.yaml should only show once in Dockerfile	openQA Project	Normal	Feature requests
109232	Document relevant differences of arm-4/5 vs. arm-1/2/3 and aarch64.o.o, involve domain experts in asking what parameters are important to be able to run openQA tests size:M	openQA Project	Normal	Feature requests
107533	Better handle minion tasks failing with "Job terminated unexpectedly" - "finalize_job_results" size:M	openQA Project	Normal	Feature requests
105379	Continuous deployment of o3 workers - one worker first size:M	openQA Project	Normal	Feature requests
103965	[epic] Easy triggering of multi-machine tests, similar as for single-machine tests	openQA Project	Normal	Feature requests
102951	[epic] Better network performance monitoring	openQA Project	Normal	Feature requests
89062	[epic] Simplify review for SUSE QAM	openQA Project	Normal	Feature requests
15850	[epic] Improve displaying job dependencies	openQA Project	Normal	Feature requests
110533	Minion Jobs page keeps retrieving stats even when logged out size:M	openQA Project	Low	Feature requests
109310	qem-bot/dashboard - mixed old and new incidents size:M	openQA Project	Low	Feature requests
106999	os-autoinst: Document the use of custom openQA backend commands to test os-autoinst changes on production workers size:M	openQA Project	Low	Feature requests
106898	Protection against asset clobbering	openQA Project	Low	Feature requests
106867	os-autoinst: local svirt testing instructions size:M	openQA Project	Low	Feature requests
91605	notifications about failed and unreviewed jobs - but using Slack (was: Rocket.Chat) size:M	openQA Project	Low	Feature requests

#	Subject	Project	Priority	Category
81890	Extend help for openQA client config, e.g. mention the environment variable OPENQA_CONFIG	openQA Project	Low	Feature requests
71146	[os-autoinst][backends] Prevent undocumented test variables in backends / prevent use of external testapi methods	openQA Project	Low	Feature requests
69316	Benefit from automatic issue updates on GitHub	openQA Project	Low	Feature requests
66071	TEST is overridden in parent job when doing `openqa-clone-custom-git-refspec`	openQA Project	Low	Feature requests
Infrastructure (1)				
108953	[tools] Performance issues in some s390 workers	openQA Tests	Normal	Infrastructure
Organisational (5)				
109864	Conduct Five Whys for "All Jobs on OSD are incomplete since 2022-04-12" size:M	openQA Project	Normal	Organisational
109551	[retro] The extension on-demand overlaps with two calls (three counting the virtual coffee break)	openQA Project	Normal	Organisational
109376	[retro] Due date reminders seem more important than resolving tickets	openQA Project	Normal	Organisational
107881	[retro] Conduct a zombie scrum team survey	openQA Project	Normal	Organisational
106996	os-autoinst: describe how to take out a production worker instance for testing backend changes size:M	openQA Project	Low	Organisational
Support (8)				
110881	Investigation jobs run because of the lack of automatic takeover size:S	openQA Project	High	Support
108824	Some of the daily aggregate tests are cancelled without a reason size:M	openQA Project	High	Support
111290	Troubles upgrading os-autoinst on my SLE15-SP3 workstation	openQA Project	Normal	Support
108004	Consider jobs important so long as they reference open bugs	openQA Project	Normal	Support
105040	[tools][sle][s390x] handle select_console 'root-console' failure if root ssh is not permitted in system with Common Criteria role	openQA Project	Normal	Support
108281	test fails in svirt_upload_assets - can not upload qcow, error "File is too big"	openQA Project	Low	Support
108007	Ensure jobs are re-run with any prerequisite modules	openQA Project	Low	Support
107470	[openqa][ipmi][worker][sut][needle matching] 'sshd-server-started' needle matching has been continuously failing on some workers/SUTs size:M	openQA Project	Low	Support
