<b>Description</b>			
Motivation here: <a href="https://github.com/yast/yast-installation/pull/980">https://github.com/yast/yast-installation/pull/980</a> and <a href="https://trello.com/c/Bnc4V82U/2666-3-sle-15-sp3-l3-1190294-proposals-selection-does-not-work-in-autoyast">https://trello.com/c/Bnc4V82U/2666-3-sle-15-sp3-l3-1190294-proposals-selection-does-not-work-in-autoyast</a>			
Currently we do not have any automated autoyast test that uses custom proposal and checks overview tabs.			
Acceptance criteria:			
<ol style="list-style-type: none"><li>1. Research how the feature works.</li><li>2. Evaluate if it is practical to create a new test suite or implement the feature testing in an existing ay test suite.</li><li>3. Create a ticket with comprehensible steps for automation testing.</li></ol>
