

openQA Project - action #103557

Aggregate different versions into the same build openqa in group_overview pages

2021-12-06 13:20 - mgrifalconi

Status: Rejected	Start date: 2021-12-06
Priority: Normal	Due date:
Assignee: okurz	% Done: 0%
Category: Feature requests	Estimated time: 0.00 hour
Target version: future	
Difficulty:	
Description	
Motivation	
See example on newly refactored SAP/HA job group, as part of https://progress.opensuse.org/issues/92921	
Current behavior:	
Link to group overview issue: https://openqa.suse.de/group_overview/405	
group_overview.png	
Expected behavior:	
See one line per build number, with all test results, regardless of SLE version, Service Pack, flavor.	
Related issues:	
Is duplicate of openQA Project - action #53264: Show actual "version" in job ...	Resolved 2019-06-18 2022-02-02

History

#1 - 2021-12-06 13:21 - mgrifalconi

- Description updated

#2 - 2021-12-06 16:10 - okurz

- Is duplicate of action #53264: Show actual "version" in job groups for builds when configured + multiple versions are available added

#3 - 2021-12-06 16:12 - okurz

- Subject changed from openqa group_overview does not aggregate different versions on the same build to Aggregate different versions into the same build openqa in group_overview pages

- Description updated

- Category set to Feature requests

- Status changed from New to Rejected

- Assignee set to okurz

- Target version set to future

Thx for the report. For this to work we need the feature [#53264](#) so I incorporated the details from there to there and will close this as duplicate.
