<b>Target version:</b>			
<b>Description</b>			
Hello,			
rsync://provo-mirror.opensuse.org/opensuse-source/ is reporting @ERROR: chroot failed.			
Can this be fixed?			
Thanks!

Confirmed.

##### #3 - 2022-03-22 15:28 - pjessen

This appears to be because 'source' simply isn't being rsync'ed. It seems it ought to be part of the weekly full-sync job ?

##### #4 - 2022-03-22 15:32 - pjessen

- Related to tickets #100805: provo-mirror not synchronizing ? added

##### #5 - 2022-03-22 16:21 - pjessen

- Status changed from New to In Progress
- Assignee set to pjessen
- % Done changed from 0 to 50

I have created a separate sync job for source/, we'll see how that goes.

##### #6 - 2022-03-23 08:46 - pjessen

- % Done changed from 50 to 0

Well, that was weird. The sync was definitely running yesterday, but now the source directory is just gone. I guess there must be some overlapping rsync.

##### #7 - 2022-03-31 12:30 - pjessen

- Status changed from In Progress to Feedback

Lars is looking after provo-mirror.

**#8 - 2022-04-08 17:00 - pjessen**
