Machine is back for now. See <https://sd.suse.com/servicedesk/customer/portal/1/SD-84633> and https://suse.slack.com/archives/C02CANHLANP/p1650970165755179?thread_ts=1650964117.648219&cid=C02CANHLANP

I'm closing this for now as it affects a broader problem where I still have to come up with next steps to take.
