

openQA Tests - action #110382

[qe-core] test fails in libqt5_qtbase in aarch64 - dialog pop-up takes more time to appear

2022-04-28 07:12 - punkioudi

Status: New	Start date: 2022-04-28
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Bugs in existing tests	Estimated time: 0.00 hour
Target version:	
Difficulty:	

Description

The test expects the designer-qt5-main needle to match, but the dialog pop-up hasn't yet appeared. Two things can be checked in order to improve it:

- Increase the time wait_still_screen before checking that needle
- Increase the QEMURAM of the testsuite

Acceptance criteria

1. This test doesn't fail anymore in aarch64 :)

Observation

openQA test in scenario sle-15-SP4-Online-aarch64-extra_tests_gnome_sdk@aarch64 fails in [libqt5_qtbase](#)

Test suite description

Maintainer: jrauch. Extra tests about software in SDK module

Reproducible

Fails since (at least) Build [137.1](#) (current job)

Expected result

Last good: [131.2](#) (or more recent)

Further details

Always latest result in this scenario: [latest](#)
