

openQA Project - action #111060

Comment events in audit log do not have links

2022-05-13 09:23 - kraith

Status: Resolved	Start date: 2022-05-13
Priority: Normal	Due date:
Assignee: kraith	% Done: 0%
Category: Feature requests	Estimated time: 0.00 hour
Target version: future	
Difficulty:	

Description

Observation

After [#110899](#) comment events show up in the [audit log](#) again, but unlike other events, comment_create and comment_update do not have a link to the comment.

Acceptance criteria

- **AC1:** The comment_create and comment_update events have links to the comment in the audit log

History

#1 - 2022-05-13 09:25 - kraith

- Assignee set to kraith
- Difficulty deleted (easy)

#2 - 2022-05-13 11:35 - okurz

- Target version set to future

#3 - 2022-05-13 13:34 - kraith

Possible solution: <https://github.com/os-autoinst/openQA/pull/4652>

#4 - 2022-05-17 14:55 - kraith

Alternative solution: <https://github.com/os-autoinst/openQA/pull/4655>

#5 - 2022-05-17 14:56 - kraith

- Status changed from New to In Progress

#6 - 2022-05-17 19:34 - kraith

- Status changed from In Progress to Feedback

#7 - 2022-05-19 12:55 - kraith

- Status changed from Feedback to Resolved

Deployed to production and working well.
