

openQA Infrastructure - action #112835

All "developers" in progress QA project hierarchy should be able to change the status of "openqa-force-result" tickets same as for "action"

History

#1 - 2022-06-22 08:24 - okurz

- Status changed from New to Feedback
- Assignee set to okurz

I have used https://progress.opensuse.org/workflows/copy?source_role_id=4&source_tracker_id=4 to copy permissions for "Manager" and "Developer" from "action" to "openqa-force-result". Could someone who is not an admin please check to create a new "openqa-force-result" ticket and resolve it accordingly?

#2 - 2022-06-22 09:08 - okurz

- Status changed from Feedback to Resolved
