

## openQA Project - action #112946

coordination # 109846 (Blocked): [epic] Ensure all our database tables accomodate enough data, e.g. bigint for ids

coordination # 112961 (New): [epic] Followup to "openqa.suse.de is not reachable anymore, response times > 30s, multiple alerts over the weekend"

### Extend openQA documentation with best practices what to do after migration, e.g. look at pg\_stats

2022-06-23 12:31 - okurz

<b>Difficulty:</b>			
<b>Description</b>			
<b>Motivation</b>			
We learned during <a href="#">#112718</a> that it's a good idea to look at pg_stats if there are any "slow queries", either as regression from the migration or just from other issues and we have not realized yet. We should make sure our openQA database migration guide includes best practices as well			
<b>Acceptance criteria</b>			
<ul style="list-style-type: none"><li>• <b>AC1:</b> Our documentation reminds what to do after migration</li></ul>
