Target version:	Milestone 5		
Difficulty:			
Description			
user story			
As a test reviewer I want support for multiple bug references per comment to track multiple bug references per job			
acceptance criteria			
AC1: The comment poo#1234 poo#5678 yields at least one valid bug reference on the test overview page			
further notes			
Take a look on https://openqa.suse.de/tests/overview?build=1510&version=12-SP2&groupid=25&distri=sle&arch=ppc64le&result=failed , the test result for <i>migration_offline_sle12_ppc</i> shows a bug icon with a text referring to two progress issues but a link to an unrelated test result, i.e. the parsing did not yield the expected result of at least one bug reference.			
I (okurz) see some ways to do it:			
<ol style="list-style-type: none">1. show one bug icon per bug reference2. show just the first bug reference and discard others3. when multiple bug references are shown, just provide a link to the corresponding comment and give a summary instead of a direct bug link

Has duplicate openQA Project - action #13926: only one bug displayed in overv...		Closed	2016-09-27

History

#1 - 2016-09-13 14:16 - okurz

- Assignee set to mkittler

#2 - 2016-09-28 10:22 - okurz

- Has duplicate action #13926: only one bug displayed in overview even though multiple referenced added

#3 - 2016-10-05 09:52 - mkittler

- Status changed from New to In Progress

Solution 2 has been implemented and it works in production so far.

#4 - 2016-10-18 11:41 - mkittler

This use case of an openQA developer might conflict with this feature if we don't implement it carefully:

<https://openqa.suse.de/tests/617231#comments>

#5 - 2016-10-18 12:10 - okurz

good point. But I guess it shouldn't harm taking your example that it would show both the bugzilla reference as well as the mentioned progress issue.

#6 - 2017-01-04 11:33 - mkittler

PR: <https://github.com/os-autoinst/openQA/pull/1128>

#7 - 2017-01-17 15:57 - okurz

- *Category set to Feature requests*

#8 - 2017-01-17 16:55 - okurz

- *Target version set to Milestone 5*

#9 - 2017-01-18 08:55 - mkittler

- *Status changed from In Progress to Resolved*

Works in production
