

Staging project workflow - action #1363

action # 1321 (New): Make sure packages build reliable

libunistring fails randomly

2014-01-31 12:29 - coolo

Status:	Rejected	Start date:	2014-01-31
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Easy hacks		

Description

This looks like a parallel make issue

```
