

Staging project workflow - action #1513

one space in description causes crash

2014-02-13 05:41 - coolo

Status:	Resolved	Start date:	2014-02-13
Priority:	Urgent	Due date:	
Assignee:	-miska-	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	Staging sprint 2		
Description			
If I leave ' ' in description when manually cleaning up, I get this:			
File "/home/cooloo/.osc-plugins/osc-staging.py", line 586, in do_staging for req in meta['requests']: TypeError: 'NoneType' object has no attribute 'getitem'
