Description

Observation

openQA test in scenario sle-12-SP3-Desktop-DVD-x86_64-textmode+proxy_SCC@uefi fails in [consoletest_setup](#)

The nvidia repo is not ready for SLE12 SP3 since bsc#1013208, we could skip it by consoletest_setup as workaround.

see also: <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/2206>

Reproducible

Fails since (at least) Build [0050](#)

Expected result

Last good: (unknown) (or more recent)

Further details

Always latest result in this scenario: [latest](#)
