

openQA Project - action #15902

action # 10148 (Resolved): better notification and user feedback

amqp host for o.o

2017-01-13 13:42 - okurz

Status: Resolved	Start date: 2017-01-13
Priority: Normal	Due date:
Assignee: coolo	% Done: 70%
Category: Feature requests	Estimated time: 0.00 hour
Target version: Milestone 5	
Difficulty:	
Description requested virtual machine for opensuse.org amqp events infrastructure. first asked in [#opensuse-admin](irc://chat.freenode.net/opensuse-admin) about how to propose this, then opened ticket by writing to admin@opensuse.org : As discussed on #opensuse-admin with tampakrap: RAM: >= 1G HD: => 4G hostname: amqp Purpose: proposal is to have a messaging structure based on AMQP. We have a proof of concept working for openqa.suse.de and want to extend it to e.g. openqa.opensuse.org but also other services like OBS. Service is based on rabbitmq. We hoping that more services are using that bus if we make it openqa independant. Contact okurz, dheidler, coolo for questions

History

#2 - 2017-01-17 16:46 - okurz

- Target version set to Milestone 5

#3 - 2017-01-26 06:19 - coolo

So I installed rabbitmq-server and started it, but I guess for this to be useful we need to setup a ssl port on the HA proxy

#4 - 2017-01-27 09:30 - coolo

- Assignee changed from okurz to coolo

- % Done changed from 0 to 70

this is done now. But we need an apparmor profile to make it accessible to the outside.

#5 - 2017-01-30 16:24 - coolo

apparmor profile is done by darix. Please update the other ticket to request rabbit.opensuse.org officially as alias to the amqp VM

#6 - 2017-01-31 08:35 - okurz

- Related to tickets #15878: Request for virtual machine for AMQP message bus as part of openSUSE infrastructure added

#7 - 2017-01-31 08:36 - okurz

<https://progress.opensuse.org/issues/15878> is the admin ticket

#8 - 2017-02-06 14:17 - coolo

amqp.opensuse.org and rabbit.opensuse.org are requested

#9 - 2017-02-06 15:13 - coolo

- *Status changed from In Progress to Resolved*

that was rather quick - amqps://opensuse:opensuse@rabbit.opensuse.org?heartbeat_interval=5:
