Sarah, could you take care of this again please?

The instructions with developer.novell.com seem to be outdated.

- Status changed from New to In Progress

#### #4 - 2017-05-30 16:14 - AdaLovelace

I changed all Novell things. I have seen a lot of new po files. Do we need a new priority list for "Most important files" or can I reuse the old list of the last year?

<https://lists.opensuse.org/opensuse-translation/2016-10/msg00009.html>

I would add it to the Localization guide

#### #5 - 2017-05-31 16:03 - AdaLovelace

I received some information via IRC:

[16:57] Dieses Jahr sind ja ziemlich viele neue po-Files dazu gekommen. Soll ich Sachen, wie software.opensuse.org mit in die High-Prio-Liste mit aufnehmen?

[16:58] packages-i18n gehe ich nicht von "hoher Priorität" bei kleinen Teams aus. :)

[17:35] hi

[17:36] ich hab's gesehen, bin aber noch nicht dazu gekommen

[17:36] aber ja, software.o.o wird dazugehören

[17:36] allerdings nicht der main controller sondern <https://software.opensuse.org/distributions>

[17:36] das soll toplevel wandern

#### #6 - 2017-06-01 17:11 - AdaLovelace

- Status changed from In Progress to Resolved

- % Done changed from 80 to 100

I added all important files. After that I linked the page on:

- Portal:42.3
- Portal:Leap
