

openSUSE 12.3 Release - action #179

update the Wiki for UEFI with qemu

2013-03-11 14:43 - Anonymous

Status:	Closed	Start date:	2013-03-11
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:			
Description			
The wiki page https://en.opensuse.org/openSUSE:UEFI_Secure_boot_using_qemu-kvm will be included in Alberto's UEFI Page and therefore needed to be updated by changing some content and addin a "running openSUSE" section
