Description			
Observation			
Test fails to format volume, getting an error "Unable to open /dev/vdb: Device or resource busy".			
openQA test in scenario sle-12-SP3-Server-DVD-aarch64-extra_tests_in_textmode@aarch64 fails in btrfs_qgroups			
Reproducible			
Fails since (at least) Build 0389			
Expected result			
Seems that this test was never executed for aarch64, as no results in build 387. Works fine for x86 architecture in both runs.			
Further details			
All further test in test suite fail due to this error. 19:10:12.4214 19385 # Test died: command 'mkfs.btrfs -f /dev/vdb && mount /dev/vdb /mnt/qg && cd /mnt/qg' failed at /var/lib/openqa/cache/openqa.suse.de/tests/sle/tests/console/btrfs_qgroups.pm line 27.			
Always latest result in this scenario: latest
