openQA Tests - action #19748

[qam] test fails in ooffice - User interface change

2017-06-12 09:11 - dasantiago

Status:	Resolved		**Start date:**	2017-06-12
Priority:	Normal		**Due date:**	
Assignee:	vsvecova		**% Done:**	100%
Category:	Bugs in existing tests		**Estimated time:**	0.00 hour
Target version:				
Difficulty:				

Description

The libreoffice needles need to be updated.
The changes in the UI was because of update on the harfbuzz package. Now the interface is getting rendered correctly.

Observation

openQA test in scenario sle-12-SP2-Desktop-DVD-Updates-x86_64-qam-allpatterns@64bit fails in
[ooffice](#)

Reproducible

Fails since (at least) Build [20170611-2](#)

Expected result

Last good: [20170611-1](#) (or more recent)

Further details

Always latest result in this scenario: [latest](#)

- Subject changed from test fails in ooffice - User interface change to [qam] test fails in ooffice - User interface change

- Assignee changed from coolo to pluskalm

I updated some needles, but there is one regression that makes me think this was all for nothing:
https://openqa.suse.de/tests/997864#step/libreoffice_double_click_file/32 shows that Nimbus Mono L is no longer rendered as is - and doesn't even to be recognized.

Reassign to Martin for further analysis

#3 - 2017-06-14 11:08 - pluskalm

- Assignee changed from pluskalm to vsvecova

We need to update test to use some normal, non-deprecated font.

#4 - 2017-06-20 12:19 - vsvecova

- % Done changed from 0 to 10

I started updating the testing data (os-autoinst-distri-opensuse/data/x11regressions/ooo-test-doc-types.tar.bz2).

Then, needles will need to be updated to match the new fonts correctly.

#5 - 2017-06-20 16:25 - vsvecova

- % Done changed from 10 to 80

PR with the font change: https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/3112

MR changing the related needles: https://gitlab.suse.de/openqa/os-autoinst-needles-sles/merge_requests/396

Relevant test modules passing on my local instance:

http://dreamyhamster.suse.cz/tests/219#step/libreoffice_open_specified_file/22
http://dreamyhamster.suse.cz/tests/219#step/libreoffice_double_click_file/31

#6 - 2017-06-21 12:11 - vsvecova

- Status changed from In Progress to Feedback

- % Done changed from 80 to 100

Updated tests are now passing in production:

https://openqa.suse.de/tests/1012607#step/libreoffice_open_specified_file/34

https://openqa.suse.de/tests/1012607#step/libreoffice_double_click_file/31

For now, I'll leave this issue on the Feedback status and monitor.
