### Description

#### Observation

openQA test in scenario opensuse-42.3-DVD-x86_64-yast2_ui@64bit fails in yast2_ftp

Looks like a random test failure, eg due to timeout as previous runs of the same build worked. Please check whether the test can be improved to avoid random failures.

#### Reproducible

Fails since (at least) Build 0229

#### Expected result

Last good: (unknown) (or more recent)

#### Further details

Always latest result in this scenario: latest

### History

#### #1 - 07/07/2017 09:40 am - zluo

We have here an issue which has been reported already: [http://bugzilla.suse.com/show_bug.cgi?id=1041829](http://bugzilla.suse.com/show_bug.cgi?id=1041829)

#### #2 - 12/07/2017 08:33 am - okurz

- Blocked by action #19922: [sle][functional][opensuse]Harmonize extratests/yast2_ui tests for openSUSE and SLE added

#### #3 - 12/07/2017 08:33 am - okurz

- Blocked by deleted (action #19922: [sle][functional][opensuse]Harmonize extratests/yast2_ui tests for openSUSE and SLE)

#### #4 - 12/07/2017 08:33 am - okurz

- Blocks action #19922: [sle][functional][opensuse]Harmonize extratests/yast2_ui tests for openSUSE and SLE added

#### #5 - 12/07/2017 08:50 am - riafarov

I see that here serial output was flooded with kernel messages: [https://openqa.opensuse.org/tests/436218#step/yast2_ftp/45](https://openqa.opensuse.org/tests/436218#step/yast2_ftp/45) which is known problem.

#### #6 - 12/07/2017 09:38 am - zluo

19/03/2020
@riafarov

I think the problem is here:

```
assert_screen 'yast2_ftp_expert_settings'; # check passive mode value and enable SSL
```

after assert_screen, send_key doesn't work:

```
send_key 'alt-s'; # give path for DSA certificate
```

```
type_string '/etc/vsftpd.pem';
```

#7 - 12/07/2017 09:44 am - zluo

Compare with same test against openSUSE TW we don't have the issue with "UI Syntax Error" on Leap which has been reported as production issue.

#8 - 12/07/2017 10:16 am - zluo

checked manually by using openSUSE-42.3-x86_64-Build0315, no issue at all.

#9 - 12/07/2017 10:18 am - zluo

- Status changed from New to In Progress
- Priority changed from High to Normal

Since this is working for manual testing, change the priority to normal.

#10 - 13/07/2017 01:00 pm - riafarov

- Assignee changed from zluo to riafarov

#11 - 14/07/2017 12:49 pm - riafarov

- Subject changed from test fails in yast2_ftp to [sle][functional] test fails in yast2_ftp
- Status changed from In Progress to Feedback

PR: https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/3293

#12 - 21/07/2017 08:37 am - riafarov

- Subject changed from [sle][functional] test fails in yast2_ftp to [opensuse][functional] test fails in yast2_ftp

#13 - 26/07/2017 11:21 am - riafarov

- Status changed from Feedback to Resolved

Test is tracked under https://progress.opensuse.org/issues/20668
