<b>Difficulty:</b>			

#### Description

### Observation

openQA test in scenario sle-12-SP3-Server-DVD-Updates-x86\_64-qam-allpatterns+we@64bit fails in [wireshark](#)

### Reproducible

Fails since (at least) Build [20170802-1](#)

### Expected result

Last good: [20170802-1](#) (or more recent)

### Further details

Always latest result in this scenario: [latest](#)

Test don't match part "live capture in progress", which is located at left bottom corner.

When you download video and use mpv and do steps by frame, you will see that screen with "live capture" is present as last one, when test is ended.
