That is because, in my opinion, the workers view is not really meant to be in the admin area. The link is there simply because it's less annoying than the original location (<https://github.com/os-autoinst/openQA/commit/b7ec7fa031aa2e9f0e3874e19a661d6135b7e1d4>). See [#2218](#) for my proposed solution.
