Asked Snapper team, Matthias has promised to write a draft this week which I can use.

- Pinged Matthias again. He didn't get anything done, hopefully something during Hackweek. I offered to help (again).
- Scheduled for the week after Hackweek. Delaying more makes no sense, if I don't get anything I cancel this task as it won't be related to 12.3 anymore.

If it comes, it won't be 12.3 material I would say :(

So, closing this.
