

openQA Project - action #2524

[webui] better display of test suite variable settings

2014-05-19 13:38 - Inussel

Status: New	Start date: 2014-05-19
Priority: Low	Due date:
Assignee:	% Done: 0%
Category: Feature requests	Estimated time: 30.00 hours
Target version: future	
Difficulty:	

Description

current situation

the web ui to configure products, test suites and machines only displays known settings atm.

proposal

To make this more user friendly and dynamic, the information of the available variables could be parsed from os-autoinst resp the distro specific test suites.

further ideas

Having a type system might be useful so the operator can enter only valid values rather than arbitrary ones.

History

#1 - 2014-05-19 13:39 - Inussel

- Description updated
- Estimated time set to 30.00 h

#2 - 2014-11-10 13:02 - coolo

- Category set to 124

#3 - 2016-02-04 00:19 - okurz

what exactly is missing on this one?

#4 - 2016-02-24 20:37 - okurz

- Has duplicate action #10908: Document the test_environment variable in vars.json for opensuse/sles testing added

#5 - 2016-02-24 20:40 - okurz

dmaiocchi proposes to document all variables in os-autoinst-distri-opensuse, also see duplicate [#10908](#)

#6 - 2016-12-01 19:25 - okurz

- Description updated
- Priority changed from Normal to Low
- Target version set to future

After another 10 months I fully get the description now and understand what is missing. Nice idea, I estimate a lot of effort and not so high pay-off -> low prio

#7 - 2018-06-15 19:07 - okurz

- Target version changed from future to future

#8 - 2019-06-20 16:07 - okurz

- Subject changed from better display of test suite variable settings to [webui] better display of test suite variable settings
- Category changed from 124 to Feature requests
