Category:	Bugs in existing tests	Estimated time:	0.00 hour
Target version:			
Difficulty:			
Description			
Observation			
openQA test in scenario sle-12-SP2-Server-DVD-Updates-x86_64-create_hdd_minimal_base+sdk@64bit fails in releasenotes			
The releasenotes should check against the installed products and not against the generic one. In this test we have the SDK installed, yet we are checking against the SLE RN.			
Reproducible			
Fails since (at least) Build 20170914-1			
Expected result			
Last good: 20170913-2 (or more recent)			
Further details			
Always latest result in this scenario: latest
