[sle][functional][sle15] After LeanOS rename to SLE15, previously results missing

2017-10-09 03:20 - yosun

Status:	Closed	Start date:	2017-10-09
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Infrastructure	Estimated time:	0.00 hour
Target version:			
Difficulty:			
Description			
After product change name, previous page shown nothing. e.g. in build 288.8 https://openqa.suse.de/tests/1196435#previous The last good is in build280.1: https://openqa.suse.de/tests/1192659#previous			
It make finding regression bugs harder than before. At least an entrance to LeanOS result is needed in osd.

- Description updated

- Category set to Infrastructure

Yes, I know your pain. What we can do here rather than customizing query URLs. You are still able to find older results over one of the following ways:

- List up to 500 jobs in one scenario regardless of machine, arch, flavor, etc.: https://openqa.suse.de/tests?match=qa_userspace_coreutils
- Look for the latest one for a specific flavor and look back from there:
https://openqa.suse.de/tests/latest?machine=64bit&arch=x86_64&test=qa_userspace_coreutils&version=15&distri=sle&flavor=Leanos-DVD

The alternative we might want to consider is to rename all results in the database so that the previous jobs would actually show up with flavor "Installer-DVD" as well. But this will also make URLs mentioned elsewhere including the older flavor invalid, e.g. in bugzilla.

- Category deleted (Infrastructure)

- Priority changed from Normal to Low

Thanks for your workaround solution. For my point of view, this solution is enough during Beta1 test. And for newer milestones after beta1, the Beta1 test result will be a base to see if it's a regression bug or not.

Then I set this ticket lower, and I suggest to keep it for a while, and may close this if Beta1 test run well.

- Category set to Infrastructure

I deleted this note by accident. Add it back.

#4 - 2017-10-23 08:05 - yosun

- Status changed from New to Closed

More previously result exist now, IMO, it's enough to figure out regression issue. So this issue no need to fix now.
