Description

Reported here. <http://lists.opensuse.org/opensuse-project/2014-06/msg00050.html>

I found 1 small bug in TSP application while browsing it.
I applied for TSP for #osc13 & also for #osc14.
Now, if I click on "Requests" it shows all the requests.
Year is not displayed for previous & latest requests.

The list >>
