

openQA improvement - action #281

make license warning clever

2013-03-29 08:00 - coolo

Status:	Closed	Start date:	2013-04-15
Priority:	Normal	Due date:	2013-04-15
Assignee:	coolo	% Done:	0%
Category:	Development	Estimated time:	2.00 hours
Target version:	T03. Remove the MD5 approach and create a new API semantic		
Description			
distri/opensuse/inst.d/050_welcome.pm should check for either license or welcome - right now it's pressing alt-o anyway.			
During beta phase the dialog needs to be there, otherwise not.			

History

#1 - 2013-04-03 11:34 - aplanas

- Target version set to T08. Add context to the tests

#2 - 2013-04-03 11:35 - aplanas

- Target version changed from T08. Add context to the tests to T03. Remove the MD5 approach and create a new API semantic
