openQA Tests - coordination #29042

[sle][functional][y][saga] offline installation

2017-12-07 10:03 - okurz

Status:	Resolved		**Start date:**	2018-03-14
Priority:	Normal		**Due date:**	2018-06-05
Assignee:	riafarov		**% Done:**	100%
Category:	New test		**Estimated time:**	0.00 hour
Target version:	future			
Difficulty:				

Description

User story

As a SLES customer with no or limited access to any network I want to be able to install SLES without needing the network

Acceptance criteria

- **AC1:** passed openQA test for openSUSE exists with a SUT that does not have access to any external server, e.g. no dns resolution
- **AC2:** same as above but for SLE
- **AC3:** same as above but with limited access to network, e.g. can resolve DNS but not reach any external host (okurz: IMHO some customers have this)

further details

- fsc#323363
