

openQA Project - action #29634

Enable QEMU snapshots function for virtio-gpu

2017-12-20 08:39 - qkzhu

Status:	Resolved	Start date:	2017-12-20
Priority:	Normal	Due date:	
Assignee:	okurz	% Done:	0%
Category:	Feature requests	Estimated time:	0.00 hour
Target version:	Ready		
Difficulty:			
Description			
<p>Previously the qemu version of qemu_x86_64 worker was too old and didn't support take snapshots with virtio-gpu. So we disabled it by: https://github.com/os-autoinst/os-autoinst/pull/832</p> <p>But the qemu version was updated to "QEMU emulator version 2.9.1(openSUSE Leap 42.3)" now, we should drop this line: https://github.com/os-autoinst/os-autoinst/pull/832/files#diff-ce37f278fec25235d9f905442ecd8e5aR183 to enable the snapshots function for virtio-gpu.</p>			

History

#1 - 2018-05-30 07:12 - szarate

- Target version set to Ready

I wonder if we can revisit this at some point

#2 - 2018-11-22 07:38 - mitiao

Did it re-enable after qemu backend refactor?

See <https://openqa.suse.de/tests/2262499>

#3 - 2019-06-20 15:30 - okurz

- Category changed from 132 to Feature requests

#4 - 2019-12-10 10:19 - okurz

- Status changed from New to Resolved

- Assignee set to okurz

qemu snapshots work fine, see <https://openqa.opensuse.org/tests/1108382>
