

openQA Tests - action #31132

[sle][functional][u][ipmi][hard] test fails in consoletest_setup - login input is wrong

2018-01-31 14:38 - zluo

Status:	Rejected	Start date:	2018-01-31
Priority:	High	Due date:	
Assignee:	zluo	% Done:	0%
Category:	Bugs in existing tests	Estimated time:	0.00 hour
Target version:	Milestone 28		
Difficulty:			
Description			
it seems osd has problem with input: We get login screen, and then do not login. I guess select_console may need adjustments for ipmi. We get login screen, and then do not login. I guess select_console may need adjustments for ipmi. After investigation, we have found out that selecting 'root-console' doesn't work if we have ssh connection. So, we cannot switch to another tty using same way. We have root-ssh and ssh consoles which are capable of handling login, but that won't work as later in the code we switch to user-console, log-console, etc. We may consider to just do installation.			
Observation			
openQA test in scenario sle-15-Installer-DVD-x86_64-textmode@64bit-ipmi fails in consoletest_setup			
Acceptance criteria			
AC1: test suite has same coverage as extra-tests in text mode			
Reproducible			
Fails since (at least) Build 288.8			
Expected result			
Last good: test never worked			
Further details			
Always latest result in this scenario: latest

- Due date changed from 2018-03-13 to 2018-03-27

#12 - 2018-03-13 14:54 - okurz

- Due date deleted (2018-03-27)

- Target version changed from Milestone 15 to Milestone 18

we just suck - and ipmi does as well, let's postpone

#13 - 2018-03-16 13:09 - okurz

- Due date set to 2018-04-10

- Target version changed from Milestone 18 to Milestone 15

ok, actually I think we should be able to handle this earlier. As we have some capacity in the current sprint I am proposing to add it.

But first [#32089](#)

#14 - 2018-03-21 07:57 - okurz

Blocker still not fixed, moving

#18 - 2018-04-24 08:56 - SLindoMansilla

- Due date changed from 2018-05-08 to 2018-05-22

As spoken in review. Since blocked by <https://progress.opensuse.org/issues/31375>, not possible to work on this on sprint 16

#19 - 2018-04-24 08:58 - SLindoMansilla

- Blocked by action #31375: [sle][functional][ipmi][u][hard] test fails in first_boot - VNC installation on SLE 15 failed because of various issues (ipmi worker, first_boot, boot_from_pxe, await_install) added

#20 - 2018-04-24 08:59 - SLindoMansilla

- Blocked by deleted (action #32089: [sle][functional][u][ipmi][easy] test fails in first_boot - abort the test early so that we at least test the installation)

#21 - 2018-04-24 08:59 - SLindoMansilla

- Related to action #32089: [sle][functional][u][ipmi][easy] test fails in first_boot - abort the test early so that we at least test the installation added

#22 - 2018-05-01 06:49 - okurz

#32 - 2019-05-22 10:37 - okurz

- Assignee changed from okurz to mgriessmeier

Move to new QSF-u PO after I moved to the "tools"-team. I mainly checked the subject line so in individual instances you might not agree to take it over completely into QSF-u. Feel free to discuss with me or reassign to me or someone else in this case. Thanks.

#33 - 2019-09-16 08:34 - mgriessmeier

- Status changed from Blocked to Workable

- Assignee deleted (mgriessmeier)

- Target version changed from Milestone 27 to Milestone 28

unblocked, to be refined

#34 - 2019-10-14 07:49 - okurz

- Related to action #36126: [functional][u] post_fail_hook matches on "text_login_root" before actual tty switch and therefore never logs in added

#35 - 2019-11-22 10:08 - zluo

- Status changed from Workable to In Progress

- Assignee set to zluo

take over and check what is possible for now to do with sub tickets.

#36 - 2019-12-02 15:49 - zluo

https://openqa.suse.de/tests/3577831#step/consoletest_setup/21 shows that we don't have issue with consoletest_setup atm. We have problem with keymap_or_locale now.

#37 - 2019-12-02 15:59 - zluo

opened:

<https://progress.opensuse.org/issues/60497>

#38 - 2019-12-03 13:37 - zluo

- Status changed from In Progress to Rejected

since I opened a ticket for keymap_or_locale and working on it and this initial issue doesn't exist anymore, set is as invalid for now.
