

openQA Tests - action #32698

[qe-core] Clean /etc/machine-id after image creation

2018-03-02 11:20 - pcervinka

Status:	New	Start date:	2018-03-02
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Enhancement to existing tests	Estimated time:	0.00 hour
Target version:			
Difficulty:	easy		
Description			
File /etc/machine-id should be unique for each server. If machine-id is the same, it can cause unexpected situations for multi machine tests. Simple file deletion does not work correctly, file is not recreated after the system boot.			

History

#1 - 2021-02-09 00:41 - szarate

- Project changed from SUSE QA to openQA Tests
- Category set to Enhancement to existing tests
- Difficulty set to easy

#2 - 2021-02-09 01:18 - szarate

- Subject changed from Clean /etc/machine-id after image creation to [qe-core] Clean /etc/machine-id after image creation
