<b>Category:</b>	New test	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Difficulty:</b>			
<b>Description</b>			
The firefox_developertool testing needles looks "too restrictive" to me.			
<a href="https://openqa.suse.de/tests/1564559#step/firefox_developertool/17">https://openqa.suse.de/tests/1564559#step/firefox_developertool/17</a>			
The page changes from time to time, we might not want to depend that DOM structure to define the case.			
To update the test case:			
1. use a fixed while complicated html&css&js page to test			
2. It should be better if we check each tab is there and switchable "Inspector" "Console" "Debugger" ...

## History

### #1 - 2018-03-26 10:03 - qkzhu

- Parent task set to #33208

### #2 - 2018-03-28 03:11 - yfjiang

- Subject changed from Update test case firefox\_developertool. to [sle15][desktop]Update test case firefox\_developertool.

### #3 - 2018-04-18 18:34 - pcervinka

- Related to action #28297: [qam] test fails in firefox\_developertool - missed click added

### #4 - 2018-04-27 06:23 - okurz

- Category set to New test

### #5 - 2018-05-22 09:22 - yfjiang

- Assignee changed from qkzhu to GraceWang

The firefox issue would be better to handle when it upgrades to version 60+.

### #6 - 2018-06-13 05:44 - yfjiang

- Subject changed from [sle15][desktop]Update test case firefox\_developertool. to [sle15sp1][desktop]Update test case firefox\_developertool.

Move this to 15sp1, and it's expected to work with sle15 maintenance update life cycle before sp1 is developed.

### #7 - 2018-10-29 02:42 - GraceWang

- Status changed from New to In Progress

### #8 - 2018-10-29 02:44 - GraceWang

- Status changed from In Progress to Resolved

firefox\_developertool works fine in SLED15SP1 now:
