looks good

#### #14 - 2018-06-08 11:31 - zluo

the problem on osd I assume that send\_key 'ctrl-q' doesn't work here. We have same issue on osd.

```
send_key 'ctrl-q'; # Exit
assert_screen [qw(gnucash-save-changes generic-desktop)];
```

--

trying now:

```
send_key_until_needlematch 'gnucash-save-changes', "ctrl-q", 5, 5;
send_key 'alt-w';
```
