History

#1 - 2018-06-09 16:22 - okurz

- Target version set to Milestone 19

#2 - 2018-06-15 18:50 - okurz

- Target version changed from Milestone 19 to Milestone 19

#3 - 2018-09-29 16:47 - okurz

- Subject changed from [sle][functional][u] test fails in gnome_music - missed characters while typing in xterm to [desktop] test fails in gnome_music - missed characters while typing in xterm

- Assignee set to yfjiang

- Target version deleted (Milestone 19)

overall the scenario seems to be very unstable. Also failed in "gnome_music" still recently, e.g.

https://openqa.suse.de/tests/2075605#step/gnome_music/21

yfjiang as PO for desktop, do you plan to stabilize this scenario in particular?

Hi Zhaocong,

Would you take care of it please, thank you!

#7 - 2018-12-12 01:47 - zcjia

- Subject changed from [desktop] test fails in gnome_music - missed characters while typing in xterm to [desktop][sle15sp1] test fails in gnome_music
- missed characters while typing in xterm

The corresponding test in SLE15SP1 is:

<https://openqa.suse.de/tests/2320126>

The typing failure should be the same as poo#42362.

#8 - 2021-06-10 08:26 - zcjia

- Status changed from New to Resolved

Closing. First, similar problems doesn't happen in recent 2 releases. Second, this particular test doesn't exist in most recent test job groups.
