

invisAD-setup - action #37414

Implementation of SingleSignOn

2018-06-15 07:57 - flacco

Status:	In Progress	Start date:	2018-06-15
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Future		
Description			
Step by step we should implement SSO for as much applications as possible. First step would be to fit the apache2 setup for SSO.
