#1 - 2018-07-06 14:11 - pjessen
- Due date set to 2018-07-09
- Status changed from New to In Progress
- Private changed from Yes to No

I've asked Gertjan if he would mind writing a goodbye message on behalf of the Board. I'll then broadcast it to the lists.

opensuse-infrastructure - apparently never used. (no entry in the virtual map). Removed.
yast-announce - list does not exist.

I have sent an announcement to the rest, saying the list will close on 13/7/2018.

on baloo, /tmp/klop2 currently has a list of the mailing lists above.

grep -v ^# /tmp/klop2 | while read l
do
cat $l/subscribers.d/? | xargs printf "/usr/bin/mlmmj-unsub -L /var/spool/mlmmj/$l -a %s -c -N

cat $l/nomailsubs.d/? | xargs printf "/usr/bin/mlmmj-unsub -L /var/spool/mlmmj/$l -a %s -c -n

done

#5 - 2018-07-11 05:33 - pjessen
after discussion on the list, opensuse-pt is not to be closed.

#6 - 2018-07-12 19:17 - pjessen
Gertjan requested that opensuse-doc be kept as well.

With ISDN services being phased out in Germany and Switzerland, most likely elsewhere too, I suggest we also close "opensuse-isdn-de". The last non-spam post was in March 2014. I have sent a notification to the list suggesting it be closed by 31 August.

#11 - 2018-08-04 11:27 - cboltz
After I wrote to opensuse-doc that we won't shut it down it because of the recent activity, several people stated that they no longer need it and prefer closing it.

Therefore please shut down the opensuse-doc mailinglist.

#12 - 2018-08-04 11:56 - pjessen
opensuse-doc closed, 186 users unsubscribed.

#13 - 2018-08-07 10:03 - tampakrap
- Assignee changed from tampakrap to pjessen
done, I removed also opensuse-foundation (which was commented out and never used, as the same day we decided to use heroes@ instead)

#14 - 2018-08-07 11:33 - tampakrap
I meant opensuse-infrastructure

#15 - 2018-08-08 09:43 - pjessen
- Due date deleted (2018-08-03)
- Status changed from In Progress to Closed
- % Done changed from 50 to 100

Cool, thanks.

/var/spool/mlmmj tidied up, all done.
