openQA Tests - action #39809

[functional][u][s390x] ssh connection check shows red border misleading that something is wrong when there is not -> should be no red border

2018-08-16 06:27 - okurz

Status: Resolved  Start date: 2018-03-13
Priority: Low  Due date: 
Assignee: dheidler  % Done: 0%
Category: Enhancement to existing tests  Estimated time: 0.00 hour
Target version: future
Difficulty: easy

Description

Observation

https://openqa.suse.de/tests/1946861#step/boot_to_desktop/16 shows
https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5319 in action with a red border around the first connection check when the SUT is not yet reachable.

Acceptance criteria

- AC1 No red border when afterwards everything works fine
- AC2 Still obvious notice in case the connection can never be established

Suggestions

The ideal case would be to use a grey color which is neutral.
A workaround would be to use the blue color, but not using the wording "soft-fail".

Use same approach as mgriessmeier used in
https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5319#issuecomment-409203353 to show a blue border seems to be a good choice

Further details

Always latest result in this scenario: latest

As discussed with the team, QSF is not convinced in doing that. I am fine with that so let's work on it as a side-project, e.g. outside work hours :)

#8 - 2019-03-01 08:37 - okurz
- Status changed from New to Blocked
  -> #39815

#9 - 2019-03-16 20:46 - okurz
- Subject changed from [s390x] ssh connection check shows red border misleading that something is wrong when there is not -> should be no red border to [s390x] ssh connection check shows red border misleading that something is wrong when there is not -> should be no red border
- Status changed from Blocked to Workable
  - Assignee deleted (okurz)

We can look into this again, #39815 resolved

#10 - 2019-05-15 08:57 - dheidler
- Status changed from Workable to Resolved
  - Assignee set to dheidler

This seems to be already fixed as of https://openqa.suse.de/tests/2314767
