### History

#### #1 - 2014-10-14 12:47 - coolo

Actually I don't know what I'm supposed to tell them. I only cherry pick from factory anyway. if I tell them to submit their packages for 13.2, I guess I also need to argue why I don't take them :)

#### #2 - 2014-10-20 05:06 - coolo

- Status changed from New to Rejected

- Priority changed from Normal to Immediate

I won't interfere with hackweek

#### #3 - 2014-10-20 06:18 - Inussel

for some people hackweek might be the opportunity to work on openSUSE things. it can't hurt to remind people of opensuse deadline, especially since the opensuse roadmap wasn't communicated on devel before this time IIRC.

#### #4 - 2014-10-20 06:48 - coolo

If they touch openSUSE only during hackweek, I rather have their stuff only in Factory and not in 13.2. Feel free to post any mail you feel like to devel, but I won't.
