

openQA Tests - action #40409

[functional][fast][u] test fails in keyboard_layout_gnome

2018-08-29 10:45 - dimstar

Status:	Resolved	Start date:	2018-08-29
Priority:	Normal	Due date:	2018-09-11
Assignee:	nicksinger	% Done:	0%
Category:	Bugs in existing tests	Estimated time:	0.00 hour
Target version:			
Difficulty:			

Description

Observation

openQA test in scenario opensuse-Tumbleweed-DVD-x86_64-extra_tests_on_gnome@64bit fails in [keyboard_layout_gnome](#)

Acceptance Criteria

AC1: Test works as expected on o3

Suggestions

- Try to reproduce locally
- crosscheck why it worked in dheidlers verification run, but not on o3

Reproducible

Fails since (at least) Build [20180813](#)

Expected result

Last good: [20180812](#) (or more recent)

Further details

Always latest result in this scenario: [latest](#)

This is a new test module added by <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5636>
Since it's addition, there was no successful run of this module for openSUSE Tumbleweed

History

#1 - 2018-08-29 10:55 - mgriessmeier

- Subject changed from test fails in keyboard_layout_gnome to [functional][fast][u] test fails in keyboard_layout_gnome
- Due date set to 2018-09-11
- Assignee deleted (asmorodskyi)

#2 - 2018-08-31 08:41 - mgriessmeier

- Description updated
- Status changed from New to In Progress

#3 - 2018-08-31 08:41 - mgriessmeier

- Status changed from In Progress to Workable

- Assignee set to nicksinger

#5 - 2018-08-31 11:44 - nicksinger

- *Status changed from Workable to In Progress*

#6 - 2018-09-03 08:48 - nicksinger

I was able to reproduce this on a fresh and recent openQA version: <http://openqa.chell.qa.suse.de/tests/20>
So my current suspicion is that some update (e.g. qemu or os-autoinst) changed the behavior.

Also one of the proceeding fails in network-manager comes from this changed layout ("u gets translated into ü)

#7 - 2018-09-04 09:35 - nicksinger

- *Status changed from In Progress to Resolved*

I've created a suggestion to fix this specific issue in <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5701>
However since this test has several problems anyway, we reverted it for now: <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5702>

#8 - 2018-09-12 12:25 - dheidler

New PR that includes Nicks changes (as well as some fix to preserve the keyboard layout check for the console):
<https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/5755>
