History

#1 - 2018-09-25 20:46 - okurz

- Subject changed from test fails in java to [qam] test fails in java
- Assignee set to pgeorgiadis

sorry to say that but tickets like these do not bear any information that the failing test in openQA already have so pretty useless without further information. Assigning to Panos as the test module maintainer.

#2 - 2018-09-27 10:01 - pgeorgiadis

- Status changed from New to Rejected

I don't see any problem with the test. It passes fine (green) in the latest runs. Please re-open if you have more information.
