

openQA Tests - action #43724

[sle][security] Bug 1110700 - remove non-enterprise server nproc limits in /etc/security/limits.conf

2018-11-13 10:37 - maritawerner

Status:	Resolved	Start date:	2018-11-13
Priority:	Normal	Due date:	
Assignee:	whdu	% Done:	0%
Category:	New test	Estimated time:	0.00 hour
Target version:			
Difficulty:			
Description			
Is it possible to write a testcase to make sure that the Bug does not happen again? https://bugzilla.suse.com/show_bug.cgi?id=1110700			
If it is moe a bug for the Qa security team please relabel.			

History

#1 - 2018-11-14 09:43 - okurz

- Subject changed from [sle][functional] Bug 1110700 - remove non-enterprise server nproc limits in /etc/security/limits.conf to [sle][security] Bug 1110700 - remove non-enterprise server nproc limits in /etc/security/limits.conf

- Assignee set to whdu

Thanks Marita.

Hi [whdu](#), this looks like a task for "QA SLE Security" therefore I assign this ticket to you in the hope you can take over. If not ok please assign back to me and I will see if QSF will be able to handle this.

#2 - 2019-01-30 00:56 - whdu

I'm sorry I just saw this ticket. We will take it and see how and when to check to avoid the issue happen again.

#3 - 2019-02-06 08:53 - whdu

[maritawernerokurz](#) Do you suggest to implement this check with openQA for every build, or just check manually for each Milestone candidate build? (We can do it in openQA, and create a dedicated testsuite for kinds of this check)

#4 - 2019-02-07 11:01 - maritawerner

@weihua: please add it to the test automation. If we do it manually it will be forgotten.

#5 - 2019-02-12 09:09 - whdu

- Project changed from SUSE QA to openQA Tests

#6 - 2019-02-13 23:25 - okurz

+1 to what maritawerner said.

Actually I consider "planning to repeatedly do something for every milestone" in conflict with the strategy for the departement:
https://wiki.microfocus.net/index.php?title=SUSE-Quality_Assurance/SLE_Department#Vision_2C_Mission_and_Strategy

#7 - 2019-02-19 10:45 - okurz

- Category set to New test

#8 - 2019-02-26 00:55 - whdu

[maritawerner](#) a new test suites `system_check` will be added to `SLE 15 / Security` job group.

#9 - 2019-02-26 00:56 - whdu

- Status changed from New to In Progress

#10 - 2019-02-26 00:58 - whdu

- Status changed from In Progress to Resolved

[os-autoinst#6870](#) merged to commit ec5b6eb
