<b>Target version:</b>			
<b>Difficulty:</b>			

**Description**

**Observation**

"change\_password" in "wayland-desktopapps-gnome" fails from time to time. We should make it more stable.

openQA test in scenario sle-15-SP1-Installer-DVD-x86\_64-wayland-desktopapps-gnome@64bit-virtio-vga fails in [change\\_password](#)

**Reproducible**

Fails since (at least) Build [98.1](#) (current job)

**Expected result**

Last good: [96.7](#) (or more recent)

**Further details**

Always latest result in this scenario: [latest](#)

#### History

##### #1 - 2018-12-06 01:42 - zcjia

I can reproduce this on my local machine, this error happens about 10% of the time.

To better debug this random failure, I plan to make it upload gdm log when this error happens.

##### #2 - 2018-12-07 07:58 - yfjiang

Am I right it smells more like a product issue?

Not sure, it doesn't fail in X11 case. We will know more when we get the gdm logs.

Not sure, it doesn't fail in X11 case. We will know more when we get the gdm logs.

Correction: it can fail in X11 case. I'll try to get and examine the gdm logs ASAP.
