**Description**

**Observation**

oneQA test in scenario opensuse-15.1-DVD-x86_64-yast2_ncurses@64bit fails in yast2_lan_hostname

roll-down list does not show up, seems the key event does not work.

**Test suite description**

Maintainer: zluo, riafarov Test for yast2 UI, ncurses only. Running on created gnome images which provides both text console for ncurses UI tests as well as the gnome environment for the GUI tests.

riafarov set TIMEOUT_SCALE to improve stability of the test.

**Reproducible**

Fails since (at least) Build 397.1

**Expected result**

Last good: 394.2 (or more recent)

**Further details**

Always latest result in this scenario: latest

**History**

- Subject changed from test fails in yast2_lan_hostname - send key doesn't triggered roll-down list show up to [functional][y] test fails in yast2_lan_hostname - send key doesn't triggered roll-down list show up

#2 - 22/01/2019 10:48 am - okurz

Hi @mlin7442, for all "yast test modules" you can directly write the subject line "[functional][y]" so that the team "QSF-y" (QA SLE Functional - y) can take over as they can maintain these test modules.

#3 - 25/01/2019 10:30 am - ggardet_arm

FYI, same problem on aarch64: https://openqa.opensuse.org/tests/837581#step/yast2_lan_hostname/9

#4 - 31/01/2019 10:38 am - riafarov
- Status changed from New to Rejected
- Assignee set to riafarov

This is due to UI change, will be addressed in #44450.
