Difficulty:	

Description

Observation

openQA test in scenario sle-15-SP1-Installer-DVD-x86_64-offline_sled12sp4_media_base_def_full@64bit fails in [zypper_ref](#)

I originally thought this would be a product bug (https://bugzilla.suse.com/show_bug.cgi?id=1125693) but the change seems to be intended so we need to adapt our tests.

Reproducible

Fails since (at least) Build [118.1](#)

Expected result

Before the product change: https://openqa.suse.de/tests/2340603#step/zypper_lr/2
Maybe re-enable the repos at some point?

Further details

Always latest result in this scenario: [latest](#)

- Description updated

- Assignee set to dheidler

- Priority changed from Normal to High

[dheidler](#) I removed the empty section "Testsuite description" which you took over from the template and I think your "thought" fits better in the "observation" than "further details" :) Can you please make sure we have a proper "Expected result"? Also, I wonder, how did you come to this ticket and should it really be on QSF-u or rather "[migration]"?

#3 - 2019-03-05 07:56 - dheidler

- Assignee deleted (dheidler)

My description is not part of the Observation/Reproducible/Expected result/Further details block but was written after this block.

I created the original bugzilla bug during review.

If you think, the bug belongs to a different team then please reassign.

#4 - 2019-03-05 08:00 - dheidler

- Description updated

#5 - 2019-03-05 08:47 - okurz

- Subject changed from *[functional][u] test fails in zypper_ref: no repos enabled* to *[migration] test fails in zypper_ref: no repos enabled*
- Assignee set to *leli*

thank you, assigning to "migration" team then

#6 - 2019-03-05 09:15 - leli

- Subject changed from *[migration] test fails in zypper_ref: no repos enabled* to *[sle][migration][SLE15SP1] test fails in zypper_ref: no repos enabled*

#7 - 2019-03-06 01:14 - leli

- Status changed from *New* to *In Progress*

This issue already fixed.

Enable repos before run 'zypper --gpg-auto-import-keys ref' by 'zypper_call 'mr -e -l'.

#8 - 2019-03-08 06:51 - leli

- Status changed from *In Progress* to *Resolved*
- % Done changed from *0* to *100*

Verified on o.s.d.
