

openQA Infrastructure - action #48881

"START_AFTER_TEST" doesn't work in remote-desktop-client4/remote-desktop-supportserver4

2019-03-08 07:55 - zcjia

Status:	Rejected	Start date:	2019-03-08
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
As shown in https://openqa.suse.de/tests/2518507#dependencies , there's no "create_hdd_gnome" in the dependency graph, although it is specified in settings.			
It can sometimes cause failures like https://openqa.suse.de/tests/2517191 .
