#### Description

Wireshark test cases in sled-12-sp5 and sles-12-sp5-we are failed in openQA without exception, e.g. :

<https://openqa.suse.de/tests/2864383#step/wireshark/62>

<https://openqa.suse.de/tests/2865731#step/wireshark/62>

A recent release of wireshark security version update maybe worthy of noticing:
