[desktop][tumbleweed] test fails in yast2_control_center

2019-06-18 09:04 - zcjia

Status: Resolved	Start date: 2019-06-18
Priority: Normal	Due date:
Assignee: zcjia	% Done: 0%
Category: Bugs in existing tests	Estimated time: 0.00 hour
Target version:	
Difficulty:	
Description	
Observation	
As we discussed in https://bugzilla.opensuse.org/show_bug.cgi?id=1138327 , with gdm 3.32, the default terminal for Tumbleweed is changed to tty2, we should adjust test for it. openQA test in scenario opensuse-Tumbleweed-DVD-x86_64-yast2_gui@64bit fails in yast2_control_center	
Test suite description	
Maintainer: zluo, riafarov Test for yast2 UI, GUI only. Running on created gnome images which provides both text console for ncurses UI tests as well as the gnome environment for the GUI tests. Temporarily added YAST2_GUI_TERMINATE_PREVIOUS_INSTANCES to see if helps. This variable triggers code which terminates all yast2 processes before starting new one. (see poo#26104).	
Reproducible	
Fails since (at least) Build 20190315	
Expected result	
Last good: 20190313 (or more recent)	
Further details	
Always latest result in this scenario: latest

Has averse side effects on tests like

- <https://openqa.opensuse.org/tests/963337> (external_iso)
- <https://openqa.opensuse.org/tests/963333> (gnome+do_not_import_ssh_keys)
- <https://openqa.opensuse.org/tests/963334> (gnome+import_ssh_keys)

there we boot a 42.1/GNOME HDD, switch around to root console and then back to X11 - which at this point we should still switch to VT7, not VT2

#4 - 2019-06-20 08:01 - okurz

- Related to action #48110: *[functional][u][sporadic] test failed in different modules that switch from textmode terminal to graphical terminal - unable to login into the gnome session again but we should not even need to login when selecting the correct tty added*

#5 - 2019-06-20 14:49 - okurz

<https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/7738> was created, already merged.

#6 - 2019-06-21 01:13 - zcjia

- Status changed from *In Progress* to *Resolved*

PR merged and test passed "yast2_control_center" step: <https://openqa.opensuse.org/tests/964157>
